WAYNE NEAL,
EMMETT SEALEY,
PAUL SINGH, and
ALLEN STEVENS,

Plaintiffs,

v.

CITY OF NEW YORK, NEW YORK,

Defendant.

No. 16-cv-8072 (PKC)
(JURY TRIAL DEMANDED)

DECLARATION OF ASHLEY HAMILTON

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the following is true and correct:

1. I am currently employed by the New York City Department of Homeless Services (“DHS”) in the position of Community Associate. I have held this position since my date of hire in December 2015.

2. While working as a Community Associate, I have been assigned to the DHS Prevention Assistance and Temporary Housing (PATH) facility located at 151 E. 51st St., Bronx, NY 10451. At the PATH facility, I have been assigned to the Family and Child Intake Center.

3. Generally, my job duties as a Community Associate involve serving New York City’s homeless population. Specifically, my job duties include but are not limited to assisting

Caseworkers by obtaining information from clients, screening and interviewing applicants for placements, providing assistance to clients with day-to-day needs, assisting clients in obtaining documents needed for judicial and administrative hearings, job applications, or permanent housing applications, and scanning and distributing documents obtained from or on behalf of clients to Caseworkers.

4. Based on my knowledge and experience, while the specific daily tasks or cases assigned to a Community Associate may vary slightly from person to person, the job duties of all Community Associates employed by DHS are the same as those described in Paragraph 3 above.

5. While working for DHS in the position of Community Associate, my assigned schedule has been 12 am to 8 am, Tuesday through Saturday. This shift includes a one-hour, unpaid meal period.

6. I often perform work activities, including but not limited to those described in Paragraph 3, before my scheduled shift, after my scheduled shift, and during my one-hour unpaid meal periods. On average, I perform work activities during my unpaid meal period approximately 3 per week. As a result, I routinely work over 40 hours in a workweek but I am not properly compensated for this time.

7. Based on my knowledge and experience, Community Associates working for DHS have similar schedules and work similar hours.

8. When I perform work activities before the start of my shift, after the end of my scheduled shift, and during my one hour unpaid meal period, I do so because I have a large volume of work that must be completed and I cannot complete all of my assigned work during my scheduled 7 hour shift.

9. Based on my experience and observation, all Community Associates employed by DHS perform similar pre-shift and/or post-shift tasks, including but not limited to the tasks described in Paragraph 3, after logging into CityTime but before their paid shift start time and/or after their paid shift time ends but before they log out of CityTime, without compensation.

10. My supervisors and managers know that other Community Associates and I regularly perform the unpaid pre-shift and/or post-shift tasks described in Paragraph 3 because this time is recorded in CityTime as “Uncompensated Hours” or “Noncompensable Hours.” Additionally, my supervisors and managers see me and my colleagues performing this work outside of our scheduled shifts.

11. While my scheduled shift includes a one hour unpaid duty free meal period, I do not take a full, duty free hour approximately 3 times per week. When working through my unpaid meal period, I continue performing my regular job duties, including but not limited to those tasks described in Paragraph 3.

12. My supervisors and managers know that other Community Associates and I regularly perform work activities, including but not limited to those tasks described in Paragraph 3, during our one hour unpaid meal period, because they see me at my work station during my scheduled meal period. Additionally, work on my computer can be tracked by looking at computer log-in times and e-mail.

13. Based on my experience and observations, all Community Associates employed by DHS regularly perform tasks, including but not limited to those tasks described in Paragraph 3, during their scheduled one-hour, unpaid meal period.

14. Based on my knowledge and experience, the City has a policy and practice by which it fails to pay employees at DHS, including but not limited to Community Associates, for

all hours of work in excess of 40 in a workweek. The City maintains this practice despite the fact that most of my work time is tracked on the City's timekeeping system.

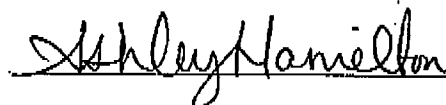

15. I often receive compensatory time in lieu of cash for overtime which the City has designated as "approved" and "voluntary." However, based on my knowledge and experience, the City has a policy and practice of paying DHS employees, including but not limited to Community Associates, compensatory time for hours worked in excess of 40 in a workweek at a rate of one hour of compensatory time for each hour of "approved" and "voluntary" overtime work, or a "straight time" rate.

16. Employees of DHS, including but not limited to Community Associates, are eligible to receive and did receive payments in addition to my base salary, including night shift differentials and meal allowances. These pay enhancements are often earned during weeks in which I and other Community Associates work in excess of 40 hours in a workweek. Based on my knowledge and experience, the City has a policy and practice of excluding these additional payments when calculating the regular rate at which overtime is paid. Instead, any overtime payment is calculated using only the hourly rate based on my base salary.

17. When I received overtime payments in cash, the City often delayed the payment of overtime beyond the next pay period after I worked the overtime. Based on my knowledge and experience, the City has a policy and practice that is applicable to all DHS employees, including but not limited to Community Associates, by which it regularly delays the payment of overtime.

Pursuant to 28 U.S.C. §1746, I declare under penalty of perjury that the following is true and correct:
